CISA[®] PREPARATORY PROGRAM

BACKGROUND

CISA® (Certified Information Systems Auditor) is an international designation for IS (Information Systems) audit, control and security professionals, issued by the Information Systems Audit and Control Association (ISACA®) in 1978.

Holding the CISA® designation helps assure a positive reputation as a qualified IS audit, control and assurance and/or security professionals. Whether to enhance the on-the-job performance or to secure a promotion or new position, becoming a CISA® will distinguish its holder from other candidates and provide a competitive advantage.

In more than 170 countries, including Indonesia and offered each year in June and December. The CISA® examination consists of 150 multiple-choice questions and is administered during a four-hour session. The next examination will be held in June & December 2017.

CURRICULUM & SYLLABUS

The curriculum of CISA® Review Program is inline with the CISA® examination guidelines. They are:

- The Process of Auditing Information Systems
